

WORLDS IN OUR SOLAR SYSTEM

Name: _____

Period: _____

	Mercury	Venus	Mars
Temperature			
Gravity			
Does it have a hard surface?			
Magnetic field?			
Does it have an atmosphere?			
What materials are present? (water, iron, carbon dioxide, etc.)			
Earthquakes?			
Other useful information			

WORLDS IN OUR SOLAR SYSTEM

Name: _____

Period: _____

	Jupiter	Io	Europa
Temperature			
Gravity			
Does it have a hard surface?			
Magnetic field?			
Does it have an atmosphere?			
What materials are present? (water, iron, carbon dioxide, etc.)			
Earthquakes?			
Other useful information			

WORLDS IN OUR SOLAR SYSTEM

Name: _____

Period: _____

	Saturn	Titan	Uranus
Temperature			
Gravity			
Does it have a hard surface?			
Magnetic field?			
Does it have an atmosphere?			
What materials are present? (water, iron, carbon dioxide, etc.)			
Earthquakes?			
Other useful information			

WORLDS IN OUR SOLAR SYSTEM

Name: _____

Period: _____

	Neptune	Triton	Pluto
Temperature			
Gravity			
Does it have a hard surface?			
Magnetic field?			
Does it have an atmosphere?			
What materials are present? (water, iron, carbon dioxide, etc.)			
Earthquakes?			
Other useful information
